

REMARKS

Entry of this Amendment After Notice of Allowance is respectfully requested to correct a U.S. Patent Office amendment entry error. The amendment pertains only to a formal matter. Applicant submitted an amendment to the title in his amendment faxed to the office on 11 March 2003. The proposed amended title is reproduced immediately below:

SYSTEM AND METHOD FOR INTEROPERABLE MULTIPLE-STANDARD
MODULATION AND CODE SELECTABLE FEHER'S GMSK, ENHANCED GSM, CSMA,
TDMA, OFDM, AND THIRD-GENERATION CDMA, W-CDMA AND B-CDMA

Upon receiving the Notice of Allowance and Issue Fee Due and the Part B-Fee(s) Transmittal it was observed that the portion of the title ... THIRD-GENERATION ... contained a typographical error wherein "THIRD" was misspelled as "THIED". As the title of the invention is both important and prominent, Applicant requests correction of the title to conform to the earlier proposed amendment. The only requested change is to correct this U.S. Patent and Trademark Office typographical error.

The Commissioner is hereby authorized to charge any additional fees which may be required by this Amendment, or to credit any overpayment, to Deposit Account No. 50-2319 (No. A-66732-1/RMA(469304-21)).

RESPECTFULLY SUBMITTED,
DORSEY & WHITNEY LLP
